EDUCATION

Columbia University Graduate School Journalism, New York

August 2025

MS in Data Journalism.

Coursework focuses on reporting and writing, investigative skills, and advanced data graphics and data journalism techniques.

Highlights include:

- **Data: Python, SQL, RStudio, HTML, CSS**
- Curated a weekly **auto-updating website** extracting current color trends from fashion brands
- Business Reporting (audio) using Audition
- Prospect Master's Project: A Data-driven project that emphasizes visual stories and graphics.
- **Reporting** on local news in Harlem and Inwood, Manhattan on *The Uptowner*
- A story on the parking challenges caused by new trash bins in Hamilton Heights, where in-street containers were placed to alleviate rodent issues and trash in the street
- Covered breaking news of an anti-vaccine rally in Harlem
- **Investigative techniques:** completed 2 Data-driven stories, collecting data through FOIA requests.

Wesleyan University, Middletown, Conn.

May 2024

Bachelor of Arts, Anthropology, Minor in Quantitative Analysis
